Dear Mark,

In the course of going over one of my files of duplicates of FBI records for a college professor who is writing a book on J. Edgar Hoover, I saw the enclosed, which perhaps you and your associates may find amusing.

Sincerely,

Harold Weisberg

You may know others who have a similar interest, so I tell you that as I went over the JFK and King HQ records and read Hoover's notes, when I thought of it I made duplicates for subject filing, "Hoover's Notes." They are not complete by any means but some may be of interest to some writers and scholars.

These are from the JFK file only.
